

Using a pair of scissors, carefully cut off the excess paper from Santa's Wish List (top, bottom and both sides).

Next cut along the dotted lines on Santa's nose. Be careful not to go beyond the edge of Santa's nose. If you need help, get one of your parents to help you.

After you have finished cutting, fill out your wish list and then place it on your bedroom door handle by pushing Santa's nose over the handle. Santa will be able to find it easily.
