Room

Using your best crayons color the Easter Bunny as best you can, so you can hang your art on your bedroom door handle for all to see.

After you have finished coloring, using a pair of scissors, carefully cut off the excess paper from Door Hanger following the black line (top, bottom and both sides).

Next cut along the dotted lines in the middle. Be careful not to go beyond the edge of dotted lines. If you need help, get one of your parents to help you.

After you have finished cutting, fill in your name and then place it on your bedroom door handle by pushing the center over the handle.
